

7 July 2023

Dear Parent / Carer

We are now coming to the end of this term's Brass project, and I hope that your child has found it an enjoyable and rewarding experience. If they have been inspired and wish to progress to lessons on their instrument, you can enrol at cavms.co.uk and I have enclosed a flier with further details. There are also opportunities for your child to take part in the local brass hub and details can be found by emailing hello@capitalyouthmusic.wales. In either case, there is the opportunity for you to continue to have free loan of an instrument.

If your child does not wish to continue down either of these routes, please make sure that the instrument is returned to school so it can be used by another group of budding brass players.

Many thanks for your support in this project, and hopefully it has given your child a positive musical experience.

David Miller
