

JZE can be accessed on a web browser or via the j2Launch app.

How to access my child's JZE Learning Space

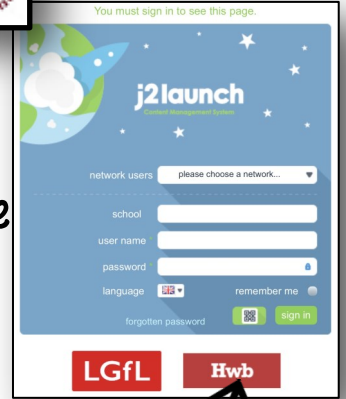

Step 1

Downloading the Software.

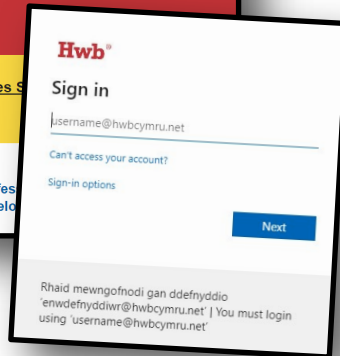

The JZE platform can be accessed through a web browser, however there is a j2Launch app available for any Apple device. If using the app to access work pupils must click on 'Hwb' located on the home screen and sign in using their Hwb account details.

Step 2

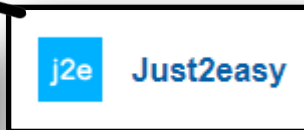

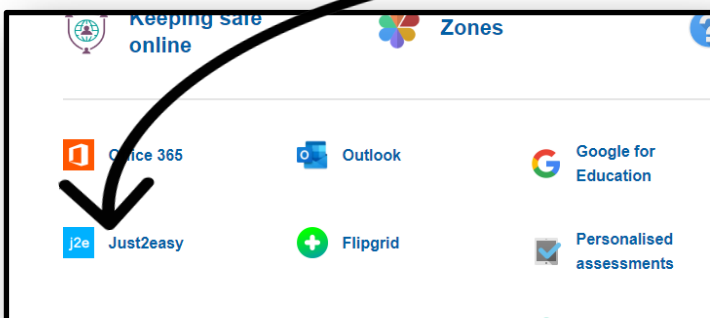

If you are not using the JZE app, use a web browser to access Hwb.

Sign into Hwb at **Hwb.GOV.WALES**
Remember passwords are **CASE SENSITIVE** and always include a capital letter at the start.

Step 3

Locate JZE on the Hwb dashboard.

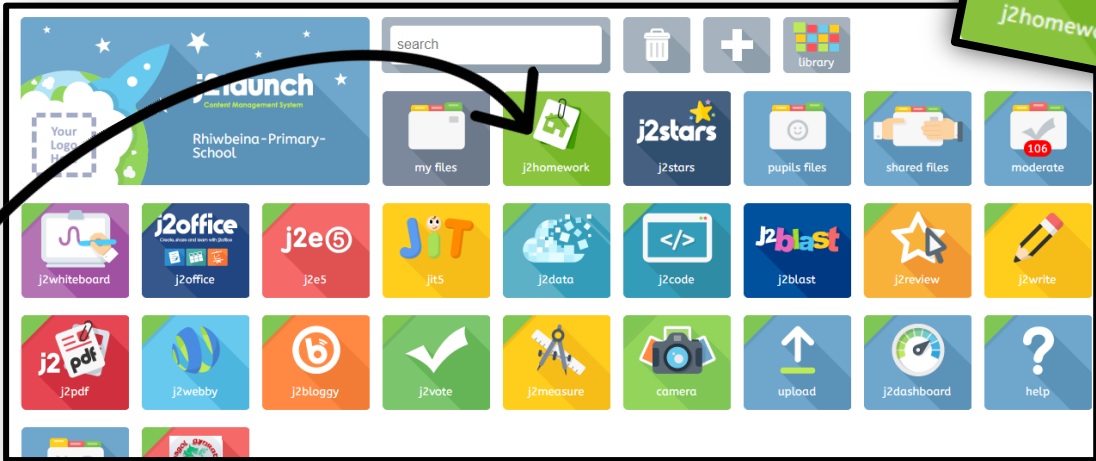

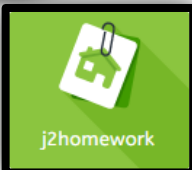

The JZE icon will only show on the homepage when a pupil is signed in.

Locate j2homework on the J2E Launch Pad

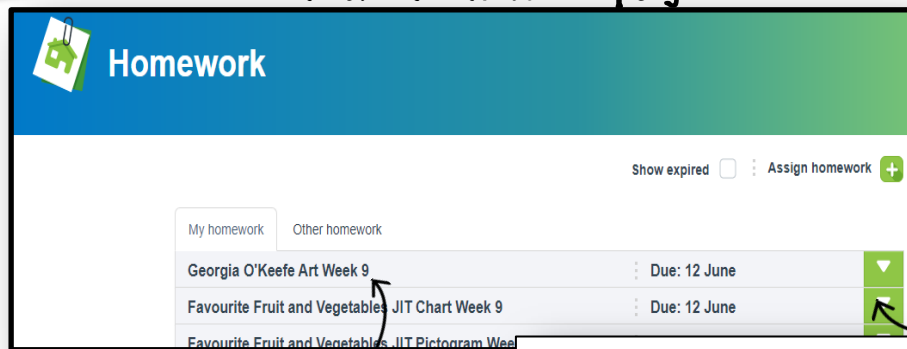

Step 4

Step 5

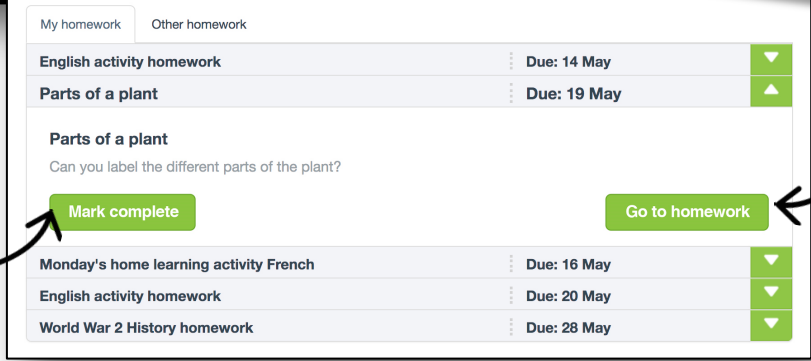

View activities set for your child. Any tasks set for you child will be displayed on the Homework page.

The list will update each time your child's teacher adds work. To open the activity and instructions, click on the green box here.

Activities list.

Complete work by clicking here.

Step 6

You may need to click on 'edit' to complete your activities.

Save your work!

Handy Tip
After a piece of work has been completed, let your Teacher know by clicking 'Mark Complete' on the homework activities page.
